

SHEARER & WOOL HANDLER TRAINING

2023 Upcoming Shearer Training Courses in NSW

Novice Shearing & Wool Handling Course: This is a 5-day practical shearing course for new entrant shearers to learn the skills required to be a professional shearer.

Improver School: This training is intended for those already working in industry and have experience in shearing. Limited spots available, please register your interest for the course.

Courses are provided in collaboration with TAFE and fully funded for participants that meet certain criteria. If you are interested in attending any of the courses below, please contact Craig French at craig.french@wool.com or on 0447 000 302.
