SHEARER & WOOL HANDLER TRAINING

2024 Upcoming Shearer Training Courses in NSW

Novice Shearing & Wool Handling Course: This is a 5-day practical shearing course for new entrant shearers to learn the skills required to be a professional shearer.

Improver School: This training is intended for those already working in industry and have experience in shearing. Limited spots available, please register your interest for the course.

Fully funded by AWI and available for participants that meet certain criteria. If you are interested in attending any of the above courses, please contact Craig French at craig.french@wool.com
