SHEARER & WOOL HANDLER TRAINING

2025 Upcoming Shearer Training Courses in WA

Novice Shearing & Wool Handling Course: This is a 5-day practical shearing course for new entrant shearers to learn the skills required to be a professional shearer.

Improver School: This training is intended for those already working in industry and have experience in shearing. Limited spots available, please register your interest for the course.

Industry Workshop: AWI's free Industry Workshops are for experienced shearers and wool handlers at any level to come together and develop their skills with top level AWI trainers, industry experts and WA shearing ambassadors.

Pressing Workshop: A one-day school specifically to learn about the requirements and technique for correct and safe wool pressing that meets industry standards.

All courses are fully funded by AWI and available for participants that meet certain criteria, please register your interest for the course

If you are interested in attending any of the below courses, please contact Valerie Pretzel at valerie.pretzel@wool.com or visit https://bit.ly/training_wa
